

I have subscribed to Vonage (internet phone service provider). I have requested my local phone number from Alltel to be tranfered to Vonage so I wont have to update everyone with a new phone number. Alltel will not release my phone number to Vonage becuae Vonage is gonig through a3rd party service call Telcove. Alltel is claiming it does not have a Interconnection Agreement with Vonage and therefore wont release my number. I need help resolving this issue. I would like for Alltel to release my number to Telcove or Vonage.

Thanks,
Marvin
